1. This communication is in response to applicant's paper filed on **01/31/2002** and **4/21/09** & Peter Priest Fax dated **4/29/09**, which authorizes the Examiner's amendment.

EXAMINER AMENDMENT

2. The following Examiner's amended **claims 1, 2, 3, 7, 9, and 12** replace the previous respective claims.

--

Claim 1. A system for managing and reporting mortgage delinquency information, comprising:

a delinquency information database for receiving, storing and maintaining mortgage delinquency information entries, each mortgage delinquency information entry comprising information identifying and providing relevant details about a delinquent mortgage including information identifying a property for which a mortgage is in a delinquent state and information identifying the nature and status of the delinquency; and

a delinquency information server configured to retrieve delinquency information entries from the delinquency information database and store delinquency information entries in the delinquency information database, the delinquency information server being accessible to a user computer through a publicly accessible network, the

delinquency information server presenting one of a number of selectable interfaces upon selection by the user allowing the user to transmit delinquency information from the user computer through the publicly accessible network, the selection of interfaces including a form for creation and transmission of new delinquency information entries, creation of a new delinquency information entry resulting in transmission of an initial report of delinquency of a specified mortgage from a mortgage servicer to a mortgage insurer, and a form for modification of previously submitted delinquency information entries and an interface for identification and uploading of a file containing delinquency information, the delinquency information server configured to format the delinquency information and store it in the delinquency information database in the form of delinquency information entries after the delinquency information is received from the user computer.

Claim 2. The system of claim 1 further comprising a mortgage administration server and wherein the delinquency information server is configured to transmit delinquency information from the delinquency information server to the mortgage administration server upon a command by the user to the delinquency information server to transmit the delinquency information.

Claim 3. The system of claim 1 further comprising a mortgage administration server and wherein the delinquency information server is configured to transmit delinquency information from the delinquency information server to the mortgage administration server upon a command by the user to the delinquency information server to transmit the delinquency information.

Claim 7. The system of claim 6 wherein the delinquency information server allows access to delinquency information entries only to authorized users associated with servicers identified in the entries.

Claim 9. The system of claim 8 wherein one interface available to a user comprises a list of entry descriptions, each entry description identifying a delinquency information entry previously stored by the user and wherein each entry description includes a hypertext link which can be activated by the user and wherein the delinquency information server displays details of the entry identified by the entry description upon activation of the hypertext link.

Claim 12. The system of claim 11 wherein the delinquency information server is operative to periodically compare delinquency information entries in the delinquency information database to corresponding mortgage information entries in the mortgage information database to determine if the corresponding mortgage information entries are more current than the delinquency information entries and, if so, to update the delinquency information entries to reflect more current information in the mortgage information entries. --

3. Status of Claims:

Claims **1-19** are pending.

4. Allowable Subject Matter

Claims 1-19 are pending and have been allowed.

The following is an examiner's statement of reasons for the indication of allowable subject matter allowance:

Independent claims **1** and **13** and their dependent claims **2-12** and **14-19** respectively are allowed because the closes prior art of record and references of **Tengel** et al. (Patent 5,940,812) and **Guy** et al. (US Pub. 2005/0154664) in any combination failed to teach or render obvious to one of ordinary skill in the art :

Creating of a new delinquency information entry resulting in transmission of an initial report of delinquency of a specified mortgage from a mortgage servicer to a mortgage insurer.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
